Animal Nutrition Product List

From pet food to livestock feed, animals require a balanced and nutritious diet. With over 90 years of experience in developing plant-based, natural ingredients, Ingredients by Nature (IBN) offers a full-range of citrus-derived ingredients, greens, saponins, and other essential nutrients to help support the growth and health of the animal.

IBN offers more than 20 different ingredient solutions for the animal nutrition sector to fulfill the dietary needs of pets, livestock, and aquaculture. For ingredients as nature intended, partner with Ingredients by Nature.
